600 TENTH Street, Collingwood, Ontario,

It's obvious as soon as you walk through the front door how meticulous the sellers have been with the quality of the renovations. No expense has been spared and it is really first class. The quartz counter tops in the brand new high end kitchen set the tone for the care that has been put in to the whole home. A main floor with its open plan kitchen, dining and living areas is very very modern and sharp. Sliding doors in to the fully fenced back yard with no neighbours behind ensure a very light and bright ambience. New flooring is highlighted by stylish baseboard moulding. 3 bedrooms and a brand new bathroom on the second floor provide flexibility for a full time residence or weekend get away and will suit a family, couples or those looking to down size. First time buyers have the opportunity to live in Collingwood If you are looking to add space or increase the value, the basement already as a 2 piece bathroom (again brand new) and would be easy to finish. "Move in ready" is one justifiable cliché as is "location, location location." This Maple View Court community has easy access to downtown, schools, public transit, trails, ski hills and Georgian Bay. (id:37775)
